## ACCOUNTING STANDARDS FOR NOT-FOR-PROFIT ORGANIZATIONS (ASNPO)

APRIL 2019

### Accounting Standards Applicable to Private Sector Not-for-Profit Organizations

The *CPA Canada Handbook – Accounting (Handbook)* defines a not-for-profit organization (NFPO) as “an entity, normally without transferable ownership interests, organized and operated exclusively for social, educational, professional, religious, health, charitable or any other not-for-profit purpose. A not-for-profit organization’s members, contributors and other resource providers do not, in such capacity, receive any financial return directly from the organization.”<sup>1</sup>

The Accounting Standards Board (AcSB) recognizes the diversity of Canadian NFPOs and the resulting diversity in the needs of their stakeholders. As such, private-sector NFPOs are given the choice of applying either the accounting standards in Part III (Accounting Standards for Not-for-Profit Organizations) or Part I (International Financial Reporting Standards) of the *Handbook*. It should be noted that government-controlled NFPOs apply the accounting standards in the *CPA Canada Public Sector Accounting Handbook* which are outside the scope of this Alert. Unless otherwise noted, references to NFPOs in this Alert refer to private-sector NFPOs only.

A NFPO applying the accounting standards in Part III of the *Handbook* also applies the standards for private enterprises in Part II (Accounting Standards for Private Enterprises) to the extent the standards in Part II address topics not addressed in Part III. In addition, several of the standards in Part III refer to a standard in Part II. When a NFPO applies a standard in Part II, references to “private enterprise” and “entity” should be read as “not-for-profit organization.”

<sup>1</sup> See paragraph 3(c) of the Preface to the *CPA Canada Handbook – Accounting*

The following table sets out the applicability of the standards in Part II of the *Handbook* to NFPOs. Where a standard in Part II is not applicable to NFPOs, the relevant standard in Part III is identified. When a standard in Part III refers to a standard in Part II, such references have been described further in the Comments column below.

Some NFPOs may have control of, or significant influence over, a for-profit enterprise. The for-profit enterprise will apply the standards in Part II.
